

Power Over Sin

Wayne Lawhorn

I've got power over sin
do you have it my friend
I remember way back when I didn't have it then
I lived in such despair and no one seemed to care
But no I've got power over sin
I lived in pain and regret knowing I didn't have it yet
The devil had me going his way
But one night I stood up and said devil that's enough
And now I've got power over sin

I've got power over sin
Do you have it my friend
I remember way back when I didn't have it then
I lived in pain and regret knowing I didn't have it yet
(Instruments)
I lived under satans control I cheated, I lied, I stole
I had a life full of misery
But today I'm standing free by the blood of Calvary
And now I've got power over sin

Now if I had to bet
You really want out of debt of all the sin that is coming dew
Just repent and be baptized in the name of Jesus Christ
And the Holy Ghost power will come on you

And you'll have power over sin
You can have it my friend
I remember way back when I didn't have it then
I lived in such despair and no one seemed to care
But now I've got power over sin
Yes now I've got power over sin
