

# Dear Darkness

Pj Harvey

Dear darkness, dear darkness  
Won't you cover, cover me again?  
Dear darkness, dear  
I've been your friend for many years  
Won't you do this for me, dearest darkness?  
And cover me from the sun  
And though the words tightening  
The words are tightening around my throat and, and  
Around the throat of the one I love  
Tightening, tightening, tightening  
Around the throat of the one I love  
Tightening, tightening, tightening  
Dear darkness, dear darkness  
Now it's your time to look after us  
?Cause we kept your clothes, we kept your business  
When everyone else was having good luck  
So now it's your time, time to pay  
To pay me and the one I love  
With the worldly goods you stashed away  
With all the things you took from us
