

# Life

## Haddaway

Life, life will never be  
Life, life will never be the same Time is getting cold  
What is going on?  
What is on your mind?  
Are your feelings gone? Need to see it clear  
Where do we go?  
Why are you doing things?  
All the things you do Life will never be the same, life is changing  
Life will never be the same, life is changing  
Everybody needs somebody to love, to love  
Everybody needs somebody to love, to love In the name of love  
You should draw the line  
Got to feel secure  
That you're still mine Life will never be the same, life is changing  
Life will never be the same, life is changing  
Everybody needs somebody to love, to love  
Everybody needs somebody to love, to love Life will never be the same, life is changing Life will never be the  
same, life is changing  
Life will never be the same, life is changing  
Everybody needs somebody to love, to love  
Everybody needs somebody to love, to love  
Everybody needs somebody to love, to love  
Everybody needs somebody
