

# Don't Step On the Grass, Sam

## Steppenwolf

Starin' at the boob tube, turnin' on the big knob  
Tryin' to find some life in the waste land  
Finally found a program, gonna deal with Mary Jane  
Ready for a trip into hate land Obnoxious Joe comes on a screen  
Along with his guest self-righteous Sam  
And one more guy who doesn't count  
His hair and clothes are too far out While pushin' back his glasses  
Sam is sayin' casually, "I was elected by the masses"  
And with that in mind he starts to unwind  
A vicious attack on the finest of grasses Well it's evil, wicked, mean and nasty  
(Don't step on the grass, Sam)  
And it will ruin our fair country  
(Don't be such an ass, Sam) It will hook your Sue and Johnny  
(You're so full of bull, Sam)  
All will pay that disagree with me  
(Please give up, you already lost the fight, alright) Misinformation Sam and Joe are feeding to the nation  
But the one who didn't count, counted them out  
By exposing all their false quotations  
Faced by a very awkward situation  
This is all he'd say to save the day Well it's evil, wicked, mean and nasty  
(Don't step on the grass, Sam)  
And it will ruin our fair country  
(Don't be such an ass, Sam) It will hook your Sue and Johnny  
(You're so full of bull, Sam)  
All will pay that disagree with me  
(Please give up, you already lost the fight, alright) You waste my coin Sam, all you can  
To jail my fellow man  
For smoking all the noble weed  
You need much more than him You've been telling lies so long  
Some believe they're true  
So they close their eyes to things  
You have no right to do Just as soon as you are gone  
Hope will start to climb  
Please don't stay around too long  
You're wasting precious time Well it's evil, wicked, mean and nasty  
(Don't step on the grass, Sam)  
And it will ruin our fair country  
(Don't be such an ass, Sam) It will hook your Sue and Johnny  
(You're so full of bull, Sam)

All will pay that disagree with me  
(Please give up, you already lost the fight, alright)
