I Know Why

Gucci Mane

Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
24's on the Chevy, look like I'm 'bout to fly
Take flight on a hoe, ride a kite on a bitch
Lear jet coochie when I ride on six's
And I sit high like I ride on switches
Rent it out the ass, dudes barkin', hoes keep lookin'
Shackles wanna jet but they don't keep black
Candy coated Lac with the back pushed back
Shorty smoke thrax, what chu know 'bout that?
Let the top back, the hood catch, cut tax
It's a known fact, Gucci smoke on purp
Old school verdict with the ace on the skirts
It's a tough dash, paint look like glass
Like can't do skatin' and the don't start hatin'

28 D.U.B.s on roll tank, these haters want dates
I tell 'em get chu straight
Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
24's on the chevy, look like I'm bout to fly
Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
Bitches love me, dey niggas hate me, I know why
24's on the chevy, look like I'm bout to fly
That nigga, she just love me
Watch me ride by, wanna fuck me
She me in the club, wanna suck me
Guess that why yo man, he wanna buck me
