

Second Timothy (Parody of "Sex and Candy")

ApologetiX

Hangin' 'round
Found the Bible on my shelf
And I had so much time
To sit and read it for myself
and there it was
My Bible verified
My very thoughts
All Scripture is inspired I saw Second Timothy, ya
Verse 3:16 it's right there
Who says that there's
Previous errors in my Old Test'ment?
Mama, it surely isn't me, well
No mama it surely isn't me, digity Bring it down
Down from off your shelf
and go read verse 3:16
In Second Timothy yourself
Go there because
'Cause that verse demonstrates
Oh yes, it does
All scripture's heaven-made, ya I saw Second Timothy, ya
Who's got doubts cause it's quite clear
Who says that theres
Grevious errors in my Old Test'ment
Mama, they should read 3:16, well
Ya, mama they should read 3:16, diggin' it
