Down In Flames

Dead Boys

Dead boy running scared
Dead boy
Caught Nuclear aware
Dead Boy
Dead Boy gonna fall
Dead Boy
Too sick to want to crawl
Down in flames
Down in flames
Red blip, red whine, lock in true
Dead boy, dead boy, line on you
Dead eyes feeding your dead, dead brain
Dead boy, dead boy, always ends the same
?Alright you unsuspecting schweinhunds of the world,
here they are,
from the sleaziest catacombs or erotica,
The damned, and demonic,
DEAD BOYS?
Down in flames
Down in flames
