Play N Skillz

(The world has too many freaks)
I can freak you in the morning, freak you in the evening
Freak you late at night
(The world has too many freaks)
I can freak you in the morning, freak you in the evening
Freak you late at night(The world has too many freaks)
I can freak you in the morning, freak you in the evening
Freak you late at night
I can freak you on the counter, freak you on the table
Freak you right now, 'cause I can't wait to freak you laterI wanna, lick, lick, lick you naw never that
To the bedroom give me head room
Straight to the point my time to clown
Let you know from the gate I don't go downtownTo many freaks that'll please me
I'm that playa you better believe
I'm payin' on cheese, but I guarantee
That I still got a freak everyday of the weekI love feeling when you dealing with someone
Pumping' them holes in your body all night long
My keep gets bigger when you giving me dome
And I get a little crazy when it's time to boneMa I like that you think that I was one of a kind
And my ice made you think that love was blind
Separate the greats, from the weak freaks
I would never hate, I love all my freaksBut I never bone, never let a hoe know that
I botta a lot of dough, she ain't gotta know
Take her to the room, I don't need your voice
But I might need your mouth to provide the moistDidn't think you had it right till I met your needs
And swallowed my seeds and now I see
Why choose one freak when?The world has too many freaks
I can freak you in the morning, freak you in the evening
Freak you late at night
(The world has too many freaks)
I can freak you in the morning, freak you in the evening
Freak you late at night(The world has too many freaks)
I can freak you in the morning, freak you in the evening

They wanna spend some time
With a thug and get freaky with itIn a hot tub thuggin' gettin' weeded with it
