

LA (feat. Trombone Shorty)

[Dawn Richard](#)

[Hook]

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me[Verse]

Lemonade lakes in the plaza

In the Chevy, going 90 down La Brea

It's wavy 'cause that shit don't matter

MJ on the radio, so we blast that, MJ on the radio

Niggas always chasin' answers

We just wanna know, if we really matter, we just wanna know[Pre-Hook]

We thought we was above it all

'Cause we been friends since Wayne was a hot boy

He said we should keep drivin'

For the sake of survivin', now we hot, boy[Pre-Hook]

We thought we was above it all

'Cause we been friends since Wayne was a hot boy

He said we should keep drivin'

For the sake of survivin', now we hot, boy[Hook]

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me[Pre-Hook]

We thought we was above it all

'Cause we been friends since Wayne was a hot boy

He said we should keep drivin'

For the sake of survivin', now we hot, boy[Hook]

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me[Hook]

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me

These LA streets are killin' me[Instrumental Outro: Trombone Shorty]
