We Could Have Been

Vince Gill

Today at work I overheard a name I knew it wasn't yours, but it touched me just the same It felt so good to have you in my mind Guess I'm the sentimental kind Ooh I wonder who you became Did you change the world or play the game We came so close to love back then We could have been You were so brave when I was shy I made you laugh when something made you cry And I don't think we ever said goodbye Now I'll always wonder why Oh I wonder who you became Did you change the world or play the game We came so close to love back then We could have been A time or two, I thought about calling But something always gets in the way Maybe I'm afraid you'd really answer What would I say to you Oh I wonder who you became Did you change the world or play the game We came so close to love back then We could have been, we could have been
