Every Second

Matthew West

I don't know what I would do without You
But I don't wanna think about that now
I can't imagine, how I lived without You
Oh, but I don't have to think about that now
'Cause You're here, and I'm right here with You
And the world as I see it is suddenly changing
But I don't wanna let this moment fade away
I wanna soak up every single second in Your presence
I just wanna fall in love along the way
I wanna soak up every single second in Your presence
I don't like the way, I was before You
But I don't wanna think about that now
So here I lay my yesterday before You
Oh, and I don't have to think about that now
'Cause You're here, and I'm right here with You
And the world as I see, it is suddenly changing
But I don't wanna let this moment fade away
I wanna soak up every single second in Your presence
I just wanna fall in love along the way
I wanna soak up every single second in Your presence, yeah

Oh, now every second matters
Now every second counts
And every day is one more day
Lord, that I can't live without, without You
Oh, I just wanna fall in love along the way
I wanna soak up every single second in Your presence
No, I don't wanna let this moment fade away
I wanna soak up every single second in Your presence
I just wanna fall in love along the way
I wanna soak up every single second in Your presence, yeah
Now every second matters
Now every second matters
Now every second matters
Now every second counts
I just wanna stay
Where You are
I just wanna live
Where You are

And I don't want to leave
Where You are
