

# Holding Back (feat. Gallant)

SG Lewis

[Verse 1]

Maybe I'm indifferent  
Maybe I'm not thinking straight again  
Drought and indecisious  
I can't see no one to let you in[Pre-Chorus 1]  
I know I shouldn't play these games  
But why would you think that I could change  
In the morning

You're telling me time is on his side  
But you never make it out alive

If we parted[Chorus]  
Maybe I'm holding back  
Maybe I'm holding back  
Do you want it?  
Do you want it?

So maybe I'm holding back  
Maybe I'm holding back  
Do you want it?

Do you want?[Post-Chorus]  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back

Maybe I'm holding back[Verse 2]

Don't be understanding  
Hold me to my word and in my place, oh baby  
So I won't be a pauper

Digging my imaginary grave, hold on baby[Pre-Chorus 2]

And I know I shouldn't feel like this  
But solitude's harder to resist  
When I'm falling, oh

And darling I'm feeling outta place  
But I really wanna be the saint

That you're calling, calling[Chorus]

So maybe I'm holding back  
Maybe I'm holding back  
Do you want it?  
Do you want it?

So maybe I'm holding back  
Maybe I'm holding back

Do you want it?  
Do you want?[Outro]  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back  
Maybe I'm holding back
