

# Circles

## Hater

Friends come and friends go  
As I go round and round in circlesLove someone change your mind  
Decide he was a swine  
As you go round and round in circlesHe who knows does not speak  
He who speaks does not know  
And I go round in circlesDislike someone and will not bend  
Later they may become your best friend  
As life it goes around in circlesHe who knows does not speak  
He who speaks does not know  
And I go round in circlesSoul takes on a body with each birth we make our date  
With life and death along the road the soul reincarnates  
The show goes round and round in circles  
When loss and gain and up and down  
Becomes the same, then we stop going in circles  
Round and round in circles
