

Stronghold of Angels

[Liv Kristine](#)

Stronghold uphold my faith in thunder
Black crows, dead leaves, my storm, my fortress
How I remember I kept running from the ruins of you
From the scars you left on my mind
I keep stumbling and falling still you remain Stronghold of angels light up my night
Let the stars be your eyes
Anchor my promise to stay by your side
When day turns to night The feel of your hands like the moon pulls the tides
A million waves
One immortal moment
Light up my night, my life
One place in my heart
You left scars, my weakness
White skin, blue eyes
My love, my fortress Stronghold of angels light up my night
Let the stars be your eyes
Anchor my promise to stay by your side
When day turns to night The feel of your hands like the moon pulls the tides
A million waves
One immortal moment
Light up my night, my life The feel of your hands
The blue in your sigh leaves me with anger
The cold in your voice
The love you denied left me no answer
Stronghold of angels light up my night
Let the stars be your eyes
Anchor my promise to stay by your side
When day turns to night Stronghold of angels, voices device
When I fall to the ground Stronghold of angels light up my night
Let the stars be your eyes
Let the stars be your eyes
Let the stars be my eyes My faith in thunder
