

# Ikaros

## Rave The Requiem

Everytime I think of you  
It's unbearable to get through  
All the misery and pain they call life

But it's amazing how this bitter end  
Is my resurrection  
Without this fucking whore to walk the face of earth

Fly, Ikaros, fly  
Shape your wings  
Into a fist  
In the face of the sky

Fly, Ikaros, fly  
There is no turning back  
You live or you die

IF THIS IS ALL THERE IS  
IF THERE IS NOTHING  
BUT THE PAIN AND FEAR AND SILENCE  
INSIDE OF ME

I LET THE FIRE COME  
TO BURN AWAY WHAT'S LEFT OF MY HEART  
AS WE ONCE AND FOR ALL  
TEAR US APART

The non-believer shall be justified  
As victory is mine  
On your knees before the new millenium antichrist

So, baby  
Strip down to the bone  
And face the fact that you're alone  
I'll make the world see only sinners rot in hell
