

Don't Play Games

Aron Wright

I can't see,
My world is spinning fast.
Can hardly speak, Don't have the energy left. I'm falling, I'm falling down. Don't play games,
Don't give my love away,
Don't make me suffer,
Don't make me suffer. You made me believe,
Something was wrong in me,
What kind of lover,
Would make their love suffer? It's all in my head. All these nights
They run together now.
Paradise,
Oh, Forget about it.
It's over now. Don't play games,
Don't give my love away,
Don't make me suffer,
Don't make me suffer. You made me believe,
Something was wrong in me,
What kind of lover,
Would make their love suffer? I'm falling, I'm falling down down down down, Don't play games,
Don't give my love away,
Don't make me suffer,
Don't make me suffer. You made me believe,
Something was wrong in me,
What kind of lover,
Would make their love suffer? It's all in my head. Was it all in my head?
Was it all in my head?
