Snow Angel (feat. Alanis Morissette)

Souleye

[Intro]
As we as we as we go[Verse 1]
Anyone up who's asleep
Anybody want to come and count the sheep
Looking outside it's freezing cold
I know how it is I guess I do
Now it's gone
So good by true
Blow a kiss in the wind
Let it double up and come back again
Please don't act like you don't know
I'm gonna get it going for my goal
It really ain't no competition
Given a sea that's so large for fishing
I've got mine and you got yours
It really ain't no competition
Given a sea that's so large for fishing
I've got mine and you've got yours[Verse 2]
Waiting for that flower to bloom
It's December look not June
Maybe March don't really know
I'd stick around but I've got to go
You know what they say when it starts to rain
And when it all goes down
Will you stick around
Would you stay the night
Would you give your life
Does it even really matter
If your not will to fight
It's all about repair this I swear
Stand my ground for my family
Work so hard that I can't be beat
Never meet defeat
Cause if its not win-win
Then I won't compete
Complements to those willing to give
Back and Forth as we go
Complements to those as we go
As we go[Bridge: Alanis Morissette]

You're my Snow Angel
You're my Snow Angel
You spread open wide
As we go back and forth
And back and forth
Snow Angel
You're my Snow Angel
You spread open wide
As we go back and forth
And back and forth
