All of the ladies think I'm sexy
'Cause when I walk through the club I gets lots of love
Oooh, Kells your the one that I'm dreamin' of
Girl all I wanna be is your fantasy
In your dreams take you to my ecstacy
All alone in my room just you and me
When we awake it will be a reality
Girl I'll have your body singin' ooh la la
Once I turn it over and hit it real hard
Boo my only mission is to make you see stars

Put me up to bat and I'm a knock it out the park
Shake ya ass riba riba like your Mexican
The way your frakin' it
The way your doppin' it
And when you bring it back up and move it in slow motion
Make me wanna move a little closer
Get you out of here and get somewhere and stroke it
Because the way you move it's out of control
Clap clap your so good clap clap, the way your bendin' it over clap clap
I like it when your booty go bump, bump
Girl make your booty go bump, bump
How you make your booty go bump, bump
You got a whole lot a junk in your trunk, trunk
Girls shake your booty don't stop, stop
Turn around and make your booty pop, pop
Girls shake your booty don't stop, stop
Make it clap clap clap clap clap, clap
All of the sexy ladies in this club ladies yuh lookin' like a mermaid
Throw your hands up come on throw your hands up
Throw your hands up come on throw your hands up
And if the DJ is rockin' this club ladies, come on

Girls shake your booty don't stop, stop
Turn around and make your booty pop, pop
