All of the ladies think I'm sexy  
'Cause when I walk through the club I gets lots of love  
Oooh, Kells your the one that I'm dreamin' of  
Girl all I wanna be is your fantasy  
In your dreams take you to my ecstasy  
All alone in my room just you and me  
When we awake it will be a reality  
Girl I'll have your body singin' ooh la la  
Once I turn it over and hit it real hard  
Boo my only mission is to make you see stars

Put me up to bat and I'm a knock it out the park  
Shake ya ass riba riba like your Mexican  
The way your frakin' it  
The way your doppin' it  
And when you bring it back up and move it in slow motion  
Make me wanna move a little closer  
Get you out of here and get somewhere and stroke it  
Because the way you move it's out of control  
Clap clap your so good clap clap, the way your bendin' it over clap clap  
I like it when your booty go bump, bump  
Girl make your booty go bump, bump  
How you make your booty go bump, bump  
You got a whole lot a junk in your trunk, trunk  
Girls shake your booty don't stop, stop  
Turn around and make your booty pop, pop  
Girls shake your booty don't stop, stop  
Make it clap clap clap clap, clap  
All of the sexy ladies in this club ladies yuh lookin' like a mermaid  
Throw your hands up come on throw your hands up

And if the DJ is rockin' this club ladies, come on
