Mighty Mighty Love

Lila McCann

On the day that God said, "Let there be light"
He said, "Let there be love", He thought of you and I
All was put in motion, the mountains rose
The stars were set, still waters movedWith so much foundation behind us
Destiny proves we got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'
Yeah, this is somethin' it's been a long time comin'
Oh baby, what we have here
Is a future with no fear, the horizon is so clearThe universe demands, together we stand
On this mighty, mighty loveI knew I would find you, some sweet day
You'd step into my life and everything would change
It started with a look that became a smile
Turned into a kiss, now here we areOh well, there is no question in heaven
No doubt here on earth we got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'
Yeah, this is somethin' it's been a long time comin'
Oh baby, what we have here
Is a future with no fear, the horizon is so clearThe universe demands, together we stand
On this mighty, mighty loveWe can stare right into the face of whatever comes
But we'll rise above it all with this mighty, mighty
We got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'
Yeah, this is somethin' it's been a long time comin'
Oh baby, what we have here
Is a future with no fear, the horizon is so clearThe universe demands, together we stand
On this mighty, mighty loveYeah baby, oh yeah
We got a mighty, mighty loveI feel it when we're touchin'
Power starts rushin', oh yeah
We got a mighty, mighty loveI feel it when we're touchin'
Power starts rushin', oh yeah
We got a mighty, mighty love
