

# Mighty Mighty Love

## Lila McCann

On the day that God said, "Let there be light"  
He said, "Let there be love", He thought of you and I  
All was put in motion, the mountains rose  
The stars were set, still waters movedWith so much foundation behind us  
Destiny proves we got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'  
Yeah, this is somethin' it's been a long time comin'  
Oh baby, what we have here  
Is a future with no fear, the horizon is so clearThe universe demands, together we stand  
On this mighty, mighty loveI knew I would find you, some sweet day  
You'd step into my life and everything would change  
It started with a look that became a smile  
Turned into a kiss, now here we areOh well, there is no question in heaven  
No doubt here on earth we got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'  
Yeah, this is somethin' it's been a long time comin'  
Oh baby, what we have here  
Is a future with no fear, the horizon is so clearThe universe demands, together we stand  
On this mighty, mighty loveWe can stare right into the face of whatever comes  
But we'll rise above it all with this mighty, mighty  
We got a mighty, mighty loveI feel it when we're touchin' a power starts rushin'  
Yeah, this is somethin' it's been a long time comin'  
Oh baby, what we have here  
Is a future with no fear, the horizon is so clearThe universe demands, together we stand  
On this mighty, mighty loveYeah baby, oh yeah  
We got a mighty, mighty loveI feel it when we're touchin'  
Power starts rushin', oh yeah  
We got a mighty, mighty loveI feel it when we're touchin'  
Power starts rushin', oh yeah  
We got a mighty, mighty love
