Crystal Glass

Schism

The sweet success is tender and it's right
And when you hold me I don't put up a fight
Are my eyes telling me lies
Simple things that I believed
Simple things that helped me surviveAnd I am falling further down
You never said that you where coming around
Your blue eyes cut me in half
Oh, I handle you like crystal glass
Oh, I handle you like crystal glassTime and time again I stand
In front of you I show my hands
Temptation is hard to resist
Inside I hold no prejudiceAnd I am falling further down
You never said that you where coming around
Your blue eyes cut me in half
Oh, I handle you like crystal glass
Oh, I handle you like crystal glass
Oh, I handle you like crystal glassThe memories stay on my mind
They go back to the very first night
All the warmth and a gentle touch
Nothing could ever matter that muchAnd I am falling further down
You never said that you where coming around
Your blue eyes cut me in half
Oh, I handle you like crystal glass
Oh, I handle you like crystal glassMusic by/ Richard Johnstone
