Professional Party People

Basshunter

P-party
We are the professional party people
Make some noise
Here we go, here we go
Here we go, here we go
Here we go, here we go
Here we go
Four, three, two, one
P-party
We are the professional party people
Make some noise
I said, make some fucking noise
Here we go, here we go
Here we go, here we go
Here we go, here we go
Here we go
