

Bachata 2.0

[Anand Bhatt](#)

i know a way how we can be
in each others arms - all night i'll hold you close to me, won't ever let you miss a beatwalk with me from side to
side
turn around - and let your hips glide
Baby, do a bachata with me. i like the way your back feels
as i pull you close - so tight i'll spin you around the room, so sexy, love me to the beatwalk with me from side to
side
turn around - and let your hips glide
Baby, do a bachata with me. walk with me from side to side
turn around - and let your hips glide
Baby, do a bachata with me.
