

1 2 3 I Love You

Tarrus Riley

123 im loving you
456 i missing you
789 i want you back 2*
hear it in my heart againlong time no see
without your love im lonely
i miss you and its too hard to bare
what have you done to me
im waking up in the middle of the night without you and its so unfair
ive toss and turn
reach for you
only my pillows
i wake in the morning the sun rises,
but im alone, that's my soul123 im loving you
456 i missing you
789 i want you back 2*
hear it in my heart againits shows on my face the evidence is right here
my smile has been raised cant you tell
i have no appetite my food has no taste
im loosing weight
i thought you could be replaced
i day dreamed of you and me and how great we use to be, and i firmly believed of turning all these dreams into
reality, and like a child i would chase so easily after you123 im loving you
456 i missing you
789 i want you back 2*
hear it in my heart again
long time no seewithout your love im lonely
i miss you and its too hard to bare
what have you done to me
im waking up in the middle of the night without you and its so unfair
