

Dream

SisqÃ³

I've told myself time and time again
That I'm not in love with you
And then
It came to me

One night in a dream
You mean more to me than I wanted to see
There is nothing I can do
To stop it
Even though you're with somebody else

If I didn't really care, why were you there?
The color of you eyes, the scent of your hair
I know dreams aren't reality
But you're so real
So real to me

[Chorus]

It took a dream to tell me that I love you lady
I couldn't see that you were always there for me
Remembering the time we shared together
Came clear to me one night
In love

Tossed and turned and broke a sweat
Of with tears my pillow's wet
I'm drowning
In a river of my homelessness
And only you can save me now
I've got to find someday, somehow
To let you know
How I feel inside
'Cause it's so obvious and hard to hide

If I didn't really care, why were you there?
The color of you eyes, the scent of your hair
Now I know dreams ain't reality
But it's so real
So real to me

[Chorus]

It took a dream to tell you that I love you lady
I couldn't see that you were always there for me
Remembering the time we shared together
It came clear to me one night

And it came clear to me one night
I am in love
And what can I do
And what can I say
To let you know that I feel the same
Please don't walk away
'Cause I know I can't be wrong

And my dreams they can't be wrong

[Chorus]

It took a dream
To tell me that I love you baby
'Cause I could not see that you were always there for me
Remembering all of the times we spent together

Came clear to me one night

It came clear to me one night
It took a dream
To tell me that I love you baby
'Cause I could not see that you were always there for me
Remembering all of the times we spent together

Came clear to me one night

I fell in love
