

# Too Far Gone

## The Babys

Staring down a bottle  
Feeling kinda mean  
Itchin' for some trouble  
Tryin' to keep it clean Wound up so tight  
Poundin' like a drum  
Put up a good fight  
I've been never known to run One shot too many  
Two for the road  
I'm ready for action  
I'm ready too far gone Weavin' down the highway  
Cross the double yellow line  
Never saw 'em comin'  
Never saw a sign Smell of burnin' rubber  
Screamin' to the right  
On the straight of center  
But I got lucky all night One shot too many  
Two for the road  
I'm way in the outskirts and  
I'm ready too far gone One shot too many  
Two for the road  
I'm way in the outskirts and  
I'm ready too far gone
