Never Gonna Fall

Lisa Stansfield

I searched, I found and I lost love
Now I've started all over
Now not a day goes by when
I'm not sure you're the one'Cos you give me something baby
It's a feeling I just can't contain
You give me something, baby
And it's something I'll never find againYou give me love, you give me life
Darlin', what more can I want
Never gonna fail in love again
You're givin' me something more and I know
I won't be searching no more
Never gonna fall in love againI wake and feel you by my side
And your touch is so tender
I'm so at home in your caress
In your armsYou give me something, baby
It's a feeling I just can't contain
You give me something, baby
And it's something I'll never find againYou give me love, you give me life
Darlin', what more can I want
Never gonna fail in love again
You're givin' me something more and I know
I won't be searching no more
Never gonna fall in love again'Cos I got you baby, you baby, you
I got you, I got you baby, you baby, you
I got you baby, you baby, you
I got you baby, you baby, youOh I've found someone
Someone who I can depend on
And it changed my life
Knowing that I can surviveYou give me love, you give me life
Darlin', what more can I want
Never gonna fail in love again
You're givin' me something more and I know
I won't be searching no more
Never gonna fall in love again'Cos I got you baby, you baby, you
You baby, you baby, you
You baby, you baby, you
You baby, you baby, youYou give me love, you give me life
Darlin', what more can I want
Never gonna fail in love again

You're givin' me something more and I know
I won't be searching no more
Never gonna fall in love againYou give me love, you give me life
Darlin', what more can I want
Never gonna fail in love again
You're givin' me something more and I know
I won't be searching no more
Never gonna fall in love againNever gonna fall in love again
Never gonna fall in love again
Never gonna fall in love again
