Rainbows & Butterflies

Wussy

I'm gonna love you until the cattle come home
I wanna send you into another time zone
I'm gonna watch you until the end of my days
I wanna lift you
To where the stars shine on your path
I'm to try
Rainbows and butterflies!

I'm gonna suck you until the poison comes out
I wanna sway you if you're ever in doubt
I'm gonna kill you with innocent lies
I wanna take you
To where the stars shine on your path
I'm to try
Rainbows and butterflies!

I'm gonna love you until the cattle come home
I wanna send you into another time zone
I'm gonna watch you until the end of my days
I wanna lift you
To where the stars shine on your path
I'm to try
Rainbows and butterflies!
