

Touch Too Much (Kollektiv Turmstrasse Remix)

Hot Chip

[Chorus]

When you said it's a touch too much I knew, I knew
That I'd be walking home again
When you said it's a touch too much I knew, I knew
That I'd be walking home again I lift my head and it falls again
I take a step and I fall
I never ask for much I watch my hand in shake in love
And it is always thus
I never ask for much [Chorus] If I said enoughs enough you'd know
I'd call on your brother he would show
It'd be on his face I would not stare
But beyond our best attempts we'd care It was a really long time ago
When you were a friend of mine
And I would really like you to know
It would help to ease my mind
I would hold you up again if you asked me
I would hold you up again if you asked me
I would hold you up again if you asked me
I would hold you up again if you asked me [Chorus x2]
