

Got This Evil

Angel Dust

Light a candle for redemption
Ridiculous you are
Blame the demons
Blame the fire for atrocityWise man's words of revelation
Stuck inside your minds
Destination Arian-nation
Hate is what you areI am the pain you suffer
I am the hope you feel
I am eternal fire - for you believe
I've got this evil - got this evilnessSalem's burning, crosses turning
Burn in desire's name
Light a candle for redemption
Riculous you are[repeat chorus]
