## Kelis

Come join our circus where we all wear masks  
Lie to our fans and expect it to last  
Could it be that the trick is on us?  
Masqueradin' like we are the ones  
Can you blame us? It started as fun  
Didn't know that the game must be won - sorry Never did I lie, never did I mean to trick y'all  
But they told me this is how to get rich, y'all  
Makin' hit songs, same lame lyrics, same bass, same kickdrum  
Buy the record, you became a vic-vic-victim Bitch can't front, get what I want  
Neck, hands & my wrists numb, sickenin'  
Diamonds on my wristband, who I'm talkin' to?  
You, you & my biggest fan, thinkin' that ya girl got it all And I got the best man, best hair, best legs, need a  
break, you in my face  
Askin' K what I'm puttin' out next year  
Is it gonna be real freaky, critics wanna come critique me  
Are you gonna be more grunge rock-n-roll like back when you dropped before? But get back 'fore I get ill  
Black glove, black mask, listen to some real black love  
It's all I have, it's all I have Come join our circus where we all wear masks  
Lie to our fans and expect it to last  
Could it be that the trick is on us?  
Masqueradin' like we are the ones  
Can you blame us? It started as fun  
Didn't know that the game must be won - sorry Musicians, magicians, tight rope, strobe lights  
Lion tamers, entertainers, sold out nights  
Dressin' rooms, costumes, who's doin' who, gossip, rumors  
Groupies just too much, everybody's like, "let's do lunch" That's why it doesn't matter, that's why I'm not a  
rapper  
Still spit a few bars, might never hear this song  
Label might say, "Hell naw! Get a new female star  
She don't have to sing - she don't have to bring anything!" Get her some new earrings, fly her off to Beijing  
Book her shows in Wyoming, David Letterman & Conan  
Your advance just alone and doesn't it all sound grand?  
Number one on SoundScan, just keep the clubs bouncin', join us Come join our circus where we all wear masks  
Lie to our fans and expect it to last  
Could it be that the trick is on us?  
Masqueradin' like we are the ones  
Can you blame us? It started as fun  
Didn't know that the game must be won - sorry How can I shake this circus clown?  
What does the ringmaster need from his crowd?

Should I dive through the circle of fire?  
No - I'm just gonna be me! Come join our circus where we all wear masks  
Lie to our fans and expect it to last  
Could it be that the trick is on us?  
Masqueradin' like we are the ones  
Can you blame us? It started as fun  
Didn't know that the game must be won - sorry Can you blame us? It started as fun  
Didn't know that the game must be won - sorry
