## Evolve

August Moon, where are you?  
August Moon, over the sea  
August Moon, where are you?  
August Moon, do you believe? In August Moon, let me follow you  
In August Moon, let me follow you down August Moon, where are you?  
August Moon, over the sea  
August Moon, where are you?  
August Moon, do you believe? In August Moon, let me follow you  
In August Moon, let me follow you down  
Let me follow you down Down to the Seven Seas, places I'll never be  
Down to the Seven Seas, places I, I've never been August Moon, where are you?  
August Moon, over the sea  
August Moon, where are you?  
August Moon, do you believe? In August Moon, let me follow you  
In August Moon, let me follow you down  
Let me follow you down Down to the Seven Seas, places I'll never be  
Down to the Seven Seas, places I'll never be  
Down to the Seven Seas, places I, I've never been August Moon, where are you?  
August Moon, over the sea  
August Moon, where are you?  
August Moon, let me believe
