Remember

Skold

Doesn't matter if the world stopped turning
I don't think I'd even care
And if God decides to drop the curtain
It won't matter much to me
Granted clemency
I lose myself in apathy
Perverse affinity
A self induced amnesia
No discrepancy
My ignorance will set me free
Erase my memory
I suffocate in hate
Lost
It slowly went away
Was gone without a trace
I'm tired and I can't
Remember
Lost
I thought it came to stay
And put me in my place
I'm tired and I won't
Remember
Like the night embrace the strange and lonely
Bring me shelter in the dark
It don't matter if the sun stop shining
It might save me from what's real
