

The Only Way

Jim Noir

This is possibly the only way, the only way I can tell you

To tell you, you meant so much to me

This is possibly the only time, the last time I can tell you

To tell you, you meant so much to me This is possibly the only way, the only way I can tell you

To tell you, you meant so much to me

This is possibly the only time, the last time I can tell you

To tell you, you meant so much to me This is possibly the only way, the only way I can tell you

To tell you, you meant so much to me

This is possibly the only time, the last time I can tell you

To tell you, you meant so much to me This is possibly the only way, the only way I can tell you

To tell you, you meant so much to me

This is possibly the only time, the last time I can tell you

To tell you, you meant so much to me
