Full Swing

Comeback Kid

Built to land hard
That's exactly where we left it
Slippery downslide
And you could never fake it
I apologize, so excuse me
Slow we pacify
Come in full swingSilence
Maybe it'll seem like it's gone
Vacant
Knowing what you want when you can't
Balance
I could never stress it enough
Of all the right choices
I start with the wrong onesStill falling, reckless and on again
Rumor mills got me locked in
Killing time, just hope it doesn't kill me
What is free?
What is free when you won't stop watching me?Everything I do is adding up
Now I'm taking the warning
Everywhere I go...
I can't avoid it, but I can control it
Everything I do... I can't avoid it
Everywhere I go...
I can't avoid it, but I can control it.
