

Needle & Thread

BenoÃ®t Pioulard

Sometimes you wonder what's wrong with my mind
You try to find it, but there's nothing to find
Whoa, you'll never know, I keep on falling
But I don't hit the floor, you say there's something
But you're looking for more, whoa, you'll never know
I wouldn't do you wrong over again
Here's the needle & thread
To mend your broken heart
The words you're screaming, echo in my head
You're feeling blue and you're seeing red
Whoa, you'll never know, In trying hard to think
Of something to say, to make it better
But you push me away, whoa, you'll never know
Whoa, you'll never know
Here's the needle & thread
To mend your broken heart
It don't take much to break you
You don't need this to make you
