Too Much Soul

Chiddy Bang

Too much soul for the world
Too much soul for the world
Yeah, how my voice sound
We been through everything and more, somehow still we made it merry
When everybody that play hot and cold Katy Perry
They criticize you because history they cant make
And I gotta notice something that's fake about these handshakes
I'm to cold, flo to bold we bring you that new soul
Music, I got that brand new chicken noodle for your soup bowl
Lanky like my new bowl, faded I stole snoop's bowl
I'm here I found a loophole, I can track you search for fools gold
Look out!
Cause I'm just too fake for the world
I know it's just a game to me
I'm just too fake you see
I wish I didn't have to be but watch out
I got too much soul for the world
It's breaking my heart in two
I got too much soul for you
I don't like it but it's true
From class clown to class king now we all to laugh
They say now you've gone superstar can I have your autograph
And then I say yes, they to fake but I can't be stressed
Say the way I do it so easy, as can tell them where to go with no GPS
And I'm still near it though, the top I cannot fear it though
Gotta grapple with the fact that most, cause people didn't give a fuck a year ago

My life is pretty as the face of girl, and watch out I've got too much soul for the world
Look out!
Cause I'm just too fake for the world
I know it's just a game to me
I'm just too fake you see
I wish I didn't have to be but watch out
I got too much soul for the world
It's breaking my heart in two
I got too much soul for you
I don't like it but it's true
Look out!
Cause I'm just too fake for the world

I know it's just a game to me
I'm just too fake you see
I wish I didn't have to be but watch out
I got too much soul for the world
It's breaking my heart in two
I got too much soul for you
I don't like it but it's true
Look out!
Cause I'm just too fake for the world
I know it's just a game to me
I'm just too fake you see
I wish I didn't have to be but watch out
I got too much soul for the world
It's breaking my heart in two
I got too much soul for you
I don't like it but it's true
