Other Side (Amplive Remix)

Rebelution

How you feeling? How you feeling? People, take it easy can't you see that I'm busy now
I've got a knack for some trouble believe me, and lately I've been trying to block it out
I've got a strange little other side, a temptation that I try to hide
Just like a pretty girl saying do or die
And I can tell when I look at you
That you've been going what I'm going through
The same thing happens, the same thing happens
But I've been thinking I can be a better man see
Instead of taking life for granted I feel lucky to be alive, good how I'll feel inside
And from now on we're taking big strides
Hold up, now yes I'm on something great, if you know you relate, no one's perfect
And if you think you can't count your mistakes, think again, cuz I know that you can
Dear sir, I'm pretty sure that we grow every day based on simple mistakes that we make
There ain't no easy way, there ain't no easy way
And I can tell when I look at you
You know exactly what I'm going through
The same thing happens, the same thing happens
But you keep thinking you can be a better man see
Instead of taking life for granted you'll feel lucky to be alive, good how you'll feel inside And from now on we're taking big strides.
