

# Other Side (Amplive Remix)

## Rebelution

How you feeling? How you feeling? People, take it easy can't you see that I'm busy now  
I've got a knack for some trouble believe me, and lately I've been trying to block it out

I've got a strange little other side, a temptation that I try to hide

Just like a pretty girl saying do or die

And I can tell when I look at you

That you've been going what I'm going through

The same thing happens, the same thing happens

But I've been thinking I can be a better man see

Instead of taking life for granted I feel lucky to be alive, good how I'll feel inside

And from now on we're taking big strides

Hold up, now yes I'm on something great, if you know you relate, no one's perfect

And if you think you can't count your mistakes, think again, cuz I know that you can

Dear sir, I'm pretty sure that we grow every day based on simple mistakes that we make

There ain't no easy way, there ain't no easy way

And I can tell when I look at you

You know exactly what I'm going through

The same thing happens, the same thing happens

But you keep thinking you can be a better man see

Instead of taking life for granted you'll feel lucky to be alive, good how you'll feel inside And from now on  
we're taking big strides.
