Mistake

Moby

Don't speak to me this way, don't ever let me say
Don't leave me again, don't leave me again
I've never felt this loss before and the world is closing doors
I never wanted anything more
I've never felt this loss before and the world is closing doors
I never wanted anything more
Don't hug me this way, don't touch me this way
Don't hug me again, don't hug me again
Don't hug me this way, don't touch me this way
Don't hug me again, don't hug me again
I've never felt this loss before and the world is closing doors
I never wanted anything more
I've never felt this loss before and the world is closing doors
I never wanted anything more
Don't let me make the same mistake again
Please don't let me make the same mistake again
Please don't let me make the same mistake again
Don't let me make the same mistake again
I've never felt this loss before and the world is closing doors
I never wanted anything more
I've never felt this loss before and the world is closing doors
I never wanted anything more
Don't let me make the same mistake again
Don't let me make the same mistake again
Please don't let me make the same mistake again
Please don't let me make the same mistake again
