

Infinite

Findlay

One more time with feeling
I'm telling you 'I'm leaving'
I was never shy but I would seek to hide away
Oh our gazed and I gaped (gave?) What beat the answer to the question in me
Grow in pains in natural beats
And falls now what do you call home? We could be infinite, invulnerable
But I'll resist and on the outside
Looking in and I must love
Because I left mistakes will be made
But that's ok I'm not ashamed
I'll worry about it when I'm older
Thought I knew it all but hey
Our time is now - well, here I came
Give up of who you are for who you could become
Snow melts to spring long live the king
Get clued be over now if sooner we'd began But what for a doubt we could have done much more
Inside this four walls and the floor
Leave this answer when I call We could be infinite, invulnerable
But I'll resist and on the outside
Looking in and I must love
Because I left mistakes will be made
But that's ok I'm not ashamed
I'll worry about it when I'm older
Thought I knew it all but hey
One world was not enough
Strange and wild is modern love
I'm not who I was before
So face your fears
Now you're older
All along and no one told ya
No one has it all We could be infinite, invulnerable
But I'll resist and on the outside
Looking in and I must love
Because I left mistakes will be made
But that's ok I'm not ashamed
I'll worry about it when I'm older
Thought I knew it all but... hey One more time with feeling
I'm telling you 'I'm leaving'
