The Bellamy Brothers

I'm so glad you called, its good to hear from you again
I've Been so much better since you said we'd just be friends
its not as bad as i thought it would be, to not have someone everyday calling and loving me
since you've been gone, i've found somebody else
i've finally moved on now i'm back to my old self
i've got my smile back and im laughing a lot
im so much better now that you gone
not
it's kinda nice not having to pick up the phone
not havin' anyone to talk to all day long
nothing wrong with doin nothin and talkin to the wall, yeah life aint so bad when your on your own
since you've been gone, i've found somebody else
i've finally moved on now i'm back to my old self
i've got my smile back and im laughing a lot
im so much better now that you gone
not
since you've been gone i've found somebody else
i've finally moved on, now i'm back to my old self
i've got my smile back and im laughing a lot
im so much better now that you gone
(oh now that your gone)
Oh since you've been gone, i've found somebody else
i've finally moved on now i'm back to my old self
i've got my smile back and i'm laughing a lot
im so much better now that your gone
ohhhh im so much better now that your gone
oh i've finally moved on
now i'm back, now i'm back, now i'm back to my old self
Oh Yeaaahhhh
Ohhh
since you've been gone, i found somebody else
i finally moved on, now i'm back to my old self
now i'm so much better now that you're gone
oh, i'm so much better now that you're gone.
