

Lullaby for My Grave

A Tear Beyond

Inside I feel empty spaces ,
and out, is there my spirit floating?someone's singing 'bout my end
and my passing away, passing awayI feel the warmth of cuddles and her tears caressing me
I taste her mouth on my lips
enlived again

by that voice, by that singing...he: what could remain, while I'm running far from you?
she: Yes I swear, I will never leave your Grave!

he: your devotion will embrace my death whispering this song...
she: while I'm singing this Lullaby for your Grave!my soul refuse the body
open eyes can't see, the life was stolen,someone's singing 'bout my ghost
that is living again,

living again[I feel] my nothingness in the Chaos of your breath recalling me
are these my chains?
is this my story end?

is this the tie you could never, never dissolve...he: what could remain, while I'm running far from you?
she: I swear, I will never leave your Grave!

he: your devotion will embrace my death whispering this song...
she: while I'm singing this Lullaby for your Grave!what could remain,
while I'm running far from you?

what could I awaiting for, from now,
please, will never leave my Grave!
your devotion will embrace my death

and every night your tears
will nourish my sad rest
whispering this song...

this Lullaby for my Grave!!!nourish my sad restyour devotion will embrace my death
whispering this song...

she: while I'm singing this Lullaby for your Grave!
