Cloud Connected [Club Connected Remix]

In Flames

People like you You live in a dream world You despise the outside And you fear you're the next oneIt's in your dream There's just one question Should I kill Or should I be left behindSick and tired Of all your complaints This is the hour We bring it downI've come to realize Every little glimpse, you fade I was told that I could fly When least expected, cloud connectedYou seem to be So introverted How come we fail With all that is givenYou crossed the line You remember my name Time runs backwards As long as you are heading that way
