Dust Me Selecta

Gerling

you got that feeling yeah...keep it together moving to the sound
get it together we can bring it onI don't believe in holding back
lets get that feeling
the times are turing back
("there's no time, there's no time"){Chorus}
I'm coming back to you now
I'm coming back to you now
I'm coming back to you now
the feeling should come back to you
I'm coming back to you now
I'm coming back to you now
I'm coming back to you now
the feeling should come back to youyou got that feeling yeah...I don't believe in holding back
you want to celebrate
but times are turning back{Repeat Chorus}
