Terra Incognita

Project Pitchfork

he says - imagine a planet whose inhabitans have only two sexes
she says - imagine a planet whose inhabitans opress themselves
it says - imagine a planet whose inhabitans exploit the weak
they look at the stars and laugh
on this planet. he says - imagine beings poisoning their oceans
she says - imagine these beings destroying their environment
it says - imagine these beings polluting their air
they shake their heads . and think how funny
on this world . he says - imagine a race who say they're the most intelligent
she says - imagine this race annihilating the other species
it says - imagine this race annihilating themselves
such suicidal stupidity can only be fiction - they finally say
