Everyone Can't Be Confused

White Rabbits

Are you slowly spacing out?
Are you sight or are you sound?
Are you telling me that this is as loud as it goes?
I don't know but its bound to get old,
Everyone can't be confused,
I'm awake so come on now.
Up until your covers blown,
Apologizing to the ghosts,
Everybody's gotta go.

Oh, well wouldn't you know it,
Everyone cant be confused,
I'm awake so come on now, now.
You've got no reason to leave,
You've got everything you need,
How much longer will you bleed?
The damage is done.
And so on, so unconvinced
Everyone can be confused,
I'm awake so come on now, now.
