

Mediocre Bad Guys

Jack Johnson

Don't give me no comic book
Sad looks no more
Please don't use those same
Excuses you used before
You told yourself so
Many times it's okay
So eager to try
But you just don't know how to come back down And now you beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground Beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground (on the ground) Oh how 'bout those people I know
That you know the ones I mean
Not so good not so bad
Only know what they have
And they have only what they've seen
Then the mediocre bad guys
Can really bring you down
They can't be defeated and you know
Never gonna come around They just beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground Beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground They beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground (on the ground) They beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground (on the ground) They beat me up and break me down
Hoping I don't come around
Kick me when I'm on the ground (on the ground)
