

Pain Divine

Morbid Angel

Release this fury
Malediction
Cursed existance
Writhing in this life of dissent
Pain for pleasure
Pain for adoration
Pain is to godliness
Bleeding for Ecstasy
Pain Divine
Locked in vicious
Offer to the sado-gods
Nails driven through my dreams
Bleeding - Pain is a god's reward
Gliding through these dungeons
Heightened senses overwhelmed
Hedonistic rupture
Endurance makes one divine
